Dear Attorney Litsas,

This letter is written pursuant to our telephone conversation and Local Rule 26.1. It was essential that I file the Motion for Leave to Videotape Deposition in sufficient time to make the arrangements for it if allowed. I had mentioned to you in advance of filing the Motion that I intended to videotape the deposition and am well aware that for whatever reason you think you can do so, you intend to oppose it.

I have filed the Motion as you know and am faxing this letter to Dennis O'Leary for delivery to the Judge forthwith. I am certain you will be contacted relative to any opposition you might have.

Very truly yours,

Andrew Stockwell-Alpert
